Dear De heer I.E. Mol,

Warm greetings to you! With great pleasure and gratitude, I would like to inform you shortly that we have received your kind and generous gift of EUR. 1000/- list dated 15/01/06 for our village here in Dharamsala. Thank you very much indeed and we really appreciate your kind contribution. This amount being pulled in our general fund account for the benefit of children's maintenance helps us a lot in the overall functioning of our village.

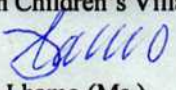

Well, over here every one is nowadays busy in the preparation for the upcoming celebration of the 46th founding anniversary of this main TCV School. All are looking forward positively to have the auspicious visit of our great leader His Holiness the Dalai Lama as His presence will greatly enhance our happy occasion.

The result of our students many days of preparation for Science Day is showing now and it is interesting to see the exhibition and listen to their explanation. There are children from classes II to XII involved and it is the best way to learn through experimentation and display, I think!

The monsoon has receded finally and it is lovely walking around in mild sunny weather. Hope the fall is beautiful in your country at this time of the year!

Thanking you once again for your kind your support, which we always remember.

Yours sincerely,
Tibetan Children's Villages

Dolma Lhamo (Ms.)
